RE: **Waiver Request**

To whom it may concern:

Hunt Telecommunications is submitting this **Waiver Request** to the Federal Communications Commission (FCC) with the intention of having a thorough review completed and our Waiver Request from FCC rules be granted. Hunt Telecommunications missed the 45-day revision window to adjust May 2007 FCC Form 499-Q figures and therefore inaccurate figures were used to erroneously calculate 3rd Quarter earnings. By granting our Waiver Request, the FCC is agreeing to the adjustment of the May 2007 FCC Form 499-Q interstate /intrastate revenue totals which would ultimately reverse the alleged USAC debt for which we are currently being penalized. Should there be an alternate process that would yield a similar outcome (the USAC debt to be reversed), Hunt Telecommunications is willing to review those recommendations from the FCC.

The administration of Hunt Telecommunications has recognized the rules and regulations pertaining to FCC filing requirements and has followed those guidelines throughout our attempt to correct the May 2007 interstate/intrastate revenue discrepancies. Hunt Telecommunications was not aware there was a discrepancy until after the May 2007 FCC Form 499-Q 45-day revision window had closed and 32nd Quarter projected revenues had already been calculated. This Waiver Request provides the details of our actions from the moment the error was recognized until present, as well as, why the Waiver Request should be granted with consideration to the public interest.

Included as support documentation to our Waiver Request, we have provided a copy of the comprehensive Letter of Appeal submitted to USAC on 11/19/2007. This is the document that outlines our details actions taken thus far to address and correct reporting errors which have resulted in a balance due to USAC for interstate/intrastate revenue that was never earned. **See Appendix A:**

Comprehensive Letter of Appeal Submitted to USAC on 11/19/2007.

As a telecommunications provider to local businesses, as well as, medical and educational institutes, Hunt Telecommunications is working hard to maintain good standing with USAC and the FCC in order to remain a service provider to those entities that participate and benefit from USAC and other FCC funded programs. Currently we have three customers that participate in the discounted USAC Educational funding programs. See the breakdown below of those customers, the services we provide and the USAC 471, FRN and 470 reward information. It is these customers that will be greatly impacted by the loss of USAC funds in the event the claimed debt is not reversed; not to mention potential customers as we continue to experience company growth.

Hunt Telecommunications has also provided as support documentation a Past Due Notice dated 10/03/2007 to which we have responded and requested a full review of the documents pertaining to the debt and the financial records for 2006 and 2007 to support that 1) Hunt Telecommunications has historically been a *de minimis* provider and 2) Hunt Telecommunications cannot financially afford the burden of such a debt. ***See Appendix B: Hunt Telecommunication – 2006 and 2007 Financial Profit & Loss Records and Revenue Summaries from our billing system.***

With this Waiver Request we address the Commission for the opportunity to correct May 2007 reported revenue to eliminate the debt that is continuously accruing late fees, DCIA interest charges and will soon be transferred to FCC collections. It is our understanding that once the FCC transfer occurs, USAC funds will either be “netted” or will be pulled completely until the debt is resolved. It is the intention to have the waiver granted to avoid any further ramifications.

RE: **Letter of Appeal – USAC Debt**

To whom it may concern:

Hunt Telecommunications is submitting this Letter of Appeal in response to USAC's claim as of 10/22/07 that we owe \$19,658.60 based on interstate/intrastate revenue calculations reported on May 2007 - FCC Form 499-Q. Our administration has gone to great lengths to correct the discrepancy and will continue to do so in order to remain a telecommunication service provider to our customers that benefit from USAC and other FCC funded programs.

Hunt Telecommunication recognizes the rules and regulations pertaining to FCC filing requirements and has followed those guidelines throughout our attempts to resolve the discrepancies. As you will learn, Hunt Telecommunications was not aware there was a discrepancy until after the Form 499-Q 45-day revision window had closed and projected revenues had been calculated. This Letter of Appeal outlines the details of our actions and provides documentation to support those actions from the moment the error was recognized until present.

Hunt Telecommunications historically has been a *de minimis* telecommunications provider. As a *de minimis* provider, we have not been required to file a Telecommunications Reporting Worksheet (Form 499). USAC records indicate that Hunt Telecommunication has voluntarily submitted the 499 Worksheets and USAC confirmed the following forms to be on file: 2004 499-A, 2005 499-A, August 2005 499-Q, February 2006 499-Q, August 2006 499-Q, and the May 2007 499-Q. All 499 filings completed prior to August 2006 accurately reflected zero revenue. Revenue growth was experienced in the 2nd Quarter of 2006 therefore August 2006 499-Q was filed to report such growth even though none of the growth was attributed to interstate/intrastate revenue. *See **Appendix A: Copy of fax sent by USAC Representative on 10/26/07 containing all filings received from Hunt Telecommunications.***

On May 1, 2007, a former employee of Hunt Telecommunications completed the May 2007 FCC Form 499-Q incorrectly and reported that 100% of company revenue was attributed to interstate/intrastate revenue. As a result, USAC has calculated quarterly contributions based on inaccurate figures and three invoices have been generated thus far – one for each month that 100% revenue was erroneously used to project 3rd Quarter earnings. ***See Appendix B: Copy of inaccurate May 2007 FCC Form 499-Q.***

On May, 17, 2007, the Hunt Telecommunications filer did receive an email notification that was automatically generated by the USAC billing system (at the time the 499-Q data was being processed) which informed the filer of the increase in reported revenue. The email indicated that compared to the last filing dated 02/01/2007 (which was an estimate filing calculated by USAC projecting zero revenue), our contribution base would increase. Since Hunt Telecommunications had experienced considerable revenue growth (zero attributed to interstate/intrastate revenue until January 2007) any interstate revenue reported in May 2007 (for the 1st Quarter) could be considered as significant growth. It is for these reasons that the notification was not interpreted as a warning nor that a revision would be needed.

It was not until July 26, 2007, when the first invoice was received - Invoice #UBDI0000257994 dated 07/20/2007, that Hunt Telecommunications recognized that a reporting error had occurred. ***See Appendix C: Invoice #UBDI0000257994 dated 07/20/2007.*** When our investigations began, it was discovered that the available time-frame for 499-Q revisions had already closed; therefore, we began the appeal process.

On August 2, 2007, Hunt Telecommunications submitted a Letter of Appeal (received by USAC on 08/03/07) in response to the invoice received and recognized that although the 45 day Form 499-Q revision period has already passed, we were allowed 15 calendar days from the date of the invoice to request an inspection or review of the records pertinent to the claimed debt. ***See Appendix D: Letter of Appeal dated 07/30/07 regarding Invoice #UBDI0000257994 dated 07/20/2007.*** At the same time that the above mentioned Letter of Appeal was submitted (08/02/07), Hunt Telecommunications also filed the August 2007 FCC Form 499-Q which accurately reported 2nd Quarter revenue and projected 4th Quarter revenue. This Form was also received by USAC on 08/03/07. ***See Appendix E: August 2007 FCC Form 499-Q.***

Hunt Telecommunications contacted USAC representatives for another follow-up call on 10/21/2007 in our ongoing efforts to resolve this situation and learned through that discussion that the data the USAC billing system reflected for August 2007 FCC Form 499-Q filing was a USAC generated estimate. This meant that two things had occurred: 1) that the August 2007 FCC Form

499-Q that Hunt Telecommunications submitted had not been received and processed by USAC; and 2) USAC used a previously filed 499-Q or a 499-A to calculate the August 2007 reported and projected revenues, which most likely reflected zero revenue when in actuality Hunt Telecommunications did accrue revenue during the 2nd Quarter.

During the same call on 10/21/07, Mary Wallace, USAC Representative, was able to direct us as to how to follow-up on the August 2007 FCC – Form 499-Q inquiry to confirm the form had been received by USAC, and indicated that the inquiry would be handled personally by Ms. Wallace. On October 23, 2007, the August 2007 FCC - Form 499-Q inquiry was submitted via fax to Mary Wallace and included a follow-up request to the August 2007 FCC – Form 499-Q, a copy of the August 2007 FCC – Form 499-Q and the tracking information needed to show that the parcel was indeed received and signed for by USAC. ***See Appendix F: Copy of the fax submitted to Mary Wallace, USAC Representative on 10/23/2007.*** Upon receipt of the faxed information, the feedback received from the USAC representative was that the inquiry would be handed to her superior for review but it was likely that the August 2007 Form 499-Q data would be entered into the billing system as though it had been received on the original date of 08/03/07. As of 11/09/07, Mr. Guy, another USAC Representative, reported that the USAC billing system still reflects that August 2007 FCC Form 499-Q is a USAC ***estimated*** calculation. The representative was unable to distinguish which filing was used (2005 499-A or August 2006 499-Q) to estimate August 2007 499-Q, however, all August 2007 revenue was estimated to be zero. Hunt Telecommunications is greatly concerned that the August 2007 499-Q data has not been accurately reflected in the USAC billing system and as to how these incorrect revenue figures will impact our USAC account and funding privileges. To date Hunt Telecommunications has not received confirmation that this has been corrected and that August 2007 FCC – Form 499-Q figures accurately report 2nd Quarter earnings and 4th Quarter projected revenues.

Due to the fact that USAC had no evidence that the August 2007 Form 499-Q was filed, Hunt Telecommunications had reason to believe that the Letter of Appeals dated 07/30/07 did not reach its intended destination since was included in the same UPS package as the August 2007 Form 499-Q. When we inquired on the status of the appeal, the USAC representative was unable to view account information relative to appeals and the status of such filings. In addition, the representative was not able to provide our office with a contact name and number, nor guidance as to how to receive an appeal filing status. Therefore, Hunt Telecommunications submitted a Letter of Inquiry to the same office where the original Letter of Appeal was submitted in order to receive a response confirming the receipt of the Letter of Appeal dated 07/30/07. ***See Appendix G: Letter of Inquiry regarding the Letter of Appeal dated 07/30/07.***

On 10/26/07, the Hunt Telecommunication's authorized representative, Jason Hunt, received a voicemail response from Tracey Beaver, General Counsel's Office, in response to the Letter of Inquiry dated 10/23/07. Ms. Beaver indicated that the Letter of Appeal dated 07/30/07 had been received and that a decision is still pending but a response could be expected within a couple of weeks. To date we have not received a definitive outcome to this appeal. ***See Appendix H: Transcribed voicemail message from Tracey Beaver, General Counsel's Office received 10/23/2007.***

On September 1, 2007, Hunt Telecommunications received a second invoice (Invoice #UBDI0000263978 dated 08/22/07) which was the calculated amount due for the 2nd month of the 3rd Quarter based off of the inaccurate revenue figures reported on the May 2007 FCC Form 499-Q. On September 5, 2007, Hunt Telecommunications submitted a Letter of Appeal regarding Invoice #UBDI0000263978 dated 08/22/07, as we again fell within the permitted 15 calendar days from the date of the invoice to request an inspection or review of the records pertinent to the debt. To date we have not received an outcome to this appeal. ***See Appendix I: Invoice #UBDI0000263978 dated 08/22/07 and Appendix J: Letter of Appeal dated 09/05/07 regarding Invoice #UBDI0000263978 dated 08/22/07.***

On September 5, 2007, Hunt Telecommunications also attempted to submit a revised May 2007 FCC Form 499-Q and received a revision rejection letter dated 09/11/07 informing Hunt Telecommunications that the request had been denied. Due to the fact that the revision was submitted outside of the 45-day revision window, USAC has declared the revised form untimely and would therefore not be processed. ***See Appendix K: Revised May 2007 FCC Form 499-Q and Appendix L: USAC's May 2007 FCC Form 499-Q - Revision Rejection.*** In response, Hunt Telecommunications submitted a Letter of Appeal requesting further review and consideration and to receive a reversal of the rejection ruling. To date we have not received an outcome to this appeal. ***See Appendix M: Letter of Appeal dated 10/26/07 regarding May 2007 FCC Form 499-Q - Revision Rejection.***

On October 25, 2007, Hunt Telecommunications complied with regular reporting requirements and filed the November 2007 FCC Form 499-Q and we have since then received confirmation from a USAC representative that the November data has been received and is being processed. Due to data processing time constraints, we are still pending confirmation that the figures used for November 2007 data are Hunt Telecommunications' reported revenue or another USAC generated estimate. ***See Appendix N: November 2007 FCC Form 499-Q.***

Currently there is one invoice from USAC that has not been appealed due to a lapse in the available time frame for such appeals. Invoice #UBDI000026964 dated 09/21/07 was received by

our office after the allowable 15 calendar days from the date of the invoice for a contributor to request an inspection or review of the records pertinent to the claimed debt. The absence of a Letter of Appeal from Hunt Telecommunications does not in any way indicate, imply nor infer that we agree to the debt being imposed upon us.

Hunt Telecommunications received a Past Due Notice from USAC dated 10/03/07 which outlined important information regarding our account and the rights and obligations of Hunt Telecommunications as a contributor. As a result, Hunt Telecommunications has taken the appropriate actions to exercise those rights outlined in the notice in Section 4: Opportunity of Inspection, Review and Repayment Agreement. Hunt Telecommunications has requested that USAC review the records pertaining to the debt, and in conjunction to that request, Hunt Telecommunications has presented evidence that all or part of the debt is not past due nor is the considered debt legally enforceable. This Letter of Appeal was included as support documentation in our request for USAC to review and reverse all alleged debt. *See Appendix O: Past Due Notice dated 10/03/07 and Appendix P: Response to Past Due Notice – Exercising Rights dated 11/19/07.*

This Letter of Appeal, in addition to all USAC correspondence, has been included in Hunt Telecommunications' Waiver Request submitted to the Federal Communications Commission (FCC) on 11/19/2007. *See Appendix Q: FCC Waiver Request dated 11/19/2007.*

It is the intent of Hunt Telecommunications to receive a complete and thorough review of our account, filings and the actions taken as a telecommunications service provider to remain in good standing with USAC and the FCC. As a telecommunications provider to educational institutes that participate in USAC and other FCC funding programs, it is imperative that this matter be resolved as quickly as possible before our clients are impacted.
